WELCOME TO OXBRIDGE ACADEMY

WHY STUDY WITH US?

At Oxbridge Academy, we give you the opportunity to further your education while you acquire knowledge and skills that are relevant in the workplace.

Do you want the right skills to:

- Pursue a rewarding career?
- Earn a promotion in your current job?
- Earn a better income?
- Secure a job that improves your quality of life?
- Start your own business?

With Oxbridge Academy's flexible home study options, you can study a course that will give you the skills you need to achieve these goals — without having to give up your full-time occupation.

WHY HOME STUDY?

Distance learning, or home study, is recognised worldwide as an effective manner in which to further your education. It is highly flexible, and is therefore the **ideal option if you have a full-time job**, live in a small town far away from a residential college or university, or have family responsibilities that prevent you from attending classes.

Some of the benefits of home study are that you:

- Study from home
- Study at your own pace
- Save money on travelling expenses
- Are able to work full-time while you study

ENTRY REQUIREMENTS

To study with Oxbridge Academy, you need to meet the following minimum entry requirements:

- You need to be at least 16 years old.
- You need to be able to read and write in English (as all the course material is in English).
- You need to be willing to study independently from home (with assistance from a tutor via email).

There are many courses that you can study even if you haven't completed Matric. For some courses, though, additional entry requirements apply. Please have a look at the course information pages in this brochure to see the full entry requirements for each course.

NATIONAL QUALIFICATIONS (N4-N6)

The N4 – N6 courses are registered on the National Qualifications Framework (NQF). These formal qualifications are designed to prepare you for a career in business management, and are therefore focused on equipping you with the skills that you need to succeed in the workplace.

- You will be assessed through a combination of **written assignments and exams**.
- You will be able to write your exams at your nearest designated exam centre.
- The exam centres are situated all over South Africa.

N courses are offered and assessed by Oxbridge Academy. After gaining a qualifying year mark, students will be admitted to write the national examination at an approved venue. Read our [N4-N6 Exam letter](#) for information on writing the exams.

Need assistance with gaining practical work experience?

We give support and advice to our N4 – N6 students who are busy with their National Qualifications and who want to apply for their National Diplomas at the end of their studies. While we focus on our N6 students, we also assist our N4 and N5 students by explaining the criteria so that if they do have an opportunity to gain practical work experience at an employer, they already have the necessary information regarding the requirements.

We also provide our N4 – N6 students with the necessary documentation to be able to apply for the 18 month work integrated learning programme at a suitable employer. This documentation includes: Guidelines to the student on how to apply for the National Diploma; Letter to the employer; Checklist per subject for the student and employer.

For students who are looking for work integrated learning opportunities, we also recommend having a look at the DHET's placement service: <https://webapps.dhet.gov.za/iWIL>.
